

*Let us make your wood  
dream come true*

## STAIRCASE SPECIALISTS

For over 40 years, Oeba has designed, manufactured, and installed tailor-made staircases, standard and high-end, classical and contemporary, with wood combined with lights.

Our know-how and our leading-edge technology combined with high quality wood species have built our reputation.

Our daily priority is to guarantee high quality products and services.

We make staircases for indoor and outdoor use, for residential homes, multi-family and commercial buildings, and for public places. For us, each client is unique, which means that each of our projects must be unique, too.

## 100% FRENCH-MADE AND ECO-FRIENDLY MATERIALS

At Oeba LLC, preserving the environment is our priority.

This is why we are committed to pursuing sustainable practices both for the materials we use and the partners we work with.

Ensuring flawless service and quality remains our top priority.

Our products are made from quality raw materials.
